

14<sup>TH</sup> May 2010.

**Please write in your own words why it is important for you to make and be part of the "MANDELA BANGLE"**

The number used is the number he used when he was still in prison. The Mandela bangles made is to show the whole world about the role Mandela played in the liberation of South Africa and other African states.

- The bangles are made so that his selfless contribution should be known by everyone, even the future generations, happen to see the bangles with the name and the number. They will obviously be interested or curious to know who he is.

When answers are given the future generation will then begin to understand the selfless roles he played even after he had passed away.

The future generation who would have been told about the contribution he made to the liberation of South Africa will also relay that history to other future generations.

In this way his history will taken some decades. Writing his name and number in the bangles ~~also~~ shows that is a primary source which is more reliable because the authors would have spoken to him in one way or other

The future generation who happen to receive the information orally would tend to believe it because it is written which clearly shows that is ~~to~~ reliable.

Besides the Children's fund and Rhodes foundation the others are the Nelson Mandela Institute for Education and Rural Developments and the 46664 HIV / AIDS awareness Campaign Campaign.
